TERMS:

Prices are F.O.B. Centerville, Utah. See "Pick Up" Discount below. All prices subject to change without notice.

DISCOUNT FOR CASH:

2% Discount will be allowed for cash *in full* with order. Where credit arrangements have been approved, 2% discount will be allowed for payment before the 10th of the month following date of shipment, past due thereafter. 8% interest will be charged on past due accounts. Make remittance to Porter-Walton Co., P. O. Box 1619, Salt Lake City 10, Utah.

"PICK UP" DISCOUNTS:

Save 5% on pick-up orders. Many nurserymen and landscape contractors prefer to pickup. Handling and exposure are minimized. Distribution at your nursery or landscape job can be accomplished more efficiently.

C.O.D. SHIPMENTS:

Orders for shipment C.O.D. must be accompanied by a remittance of one-fourth of the amount to insure acceptance.

BUNDLES OF TEN:

Bare root shrubs and trees are ten per bundle. Please order in multiples of *ten* of each variety and/or size.

BOXING CHARGE:

Boxing and bundling for shipment will be charged at actual cost of materials used in the operation. No charge will be made for loading bulk truck lots.

WARRANTY:

The Porter-Walton Company warrants to the extent of the purchase price that nursery stock sold is true to name and as described within recognized tolerances. Seller gives no other or further warranty, expressed or implied and will under no circumstances be liable for more than the invoice value at the time of purchase.

CLAIMS:

We will gladly correct any error, but we cannot entertain any claim that is not made within 5 days after receipt of the stock. Claim should be made in writing promptly upon receipt of stock.

In case of loss due to damage or delay in transit, your claim should be made to the transportation company.

TREE WRAP . . . Saves Young Trees

Tree Wrap protects newly planted trees from dehydration, sun scald and borer attack. Many otherwise healthy young trees are damaged and eventually die from sun-scald and dehydration. The garden size tree wrap package will protect three to four trees of 2″ average trunk diameter. When trees are damaged by vehicles, children or cats, recommend Treeheal and Tree Wrap to repair and encourage new bark growth. Tree Wrap protects wounds from dirt and disease and induces faster healing.

SMITH FERTILIZER INJECTOR

To economically keep bedding plants or container grown nursery stock bright green and easily saleable, you need a SMITH MEASURE-MIX fertilizer injector. The MEASURE-MIX pumps plant food concentrates into the watering lines at a uniform rate. Each plant is fertilized automatically when you water.

The MEASURE-MIX INJECTOR is available in two sizes. The size you select should be determined by your water supply and the volume you use at any one time.

Priceslisted below are for machines of standard construction and ratio setting. Custom construction to handle certain caustic insecticides can be furnished at additional cost.

MAKING FERTILIZER CONCENTRATES

FOR REGULAR FEEDING OF PLANTS IN CONTAINERS

The plant feeding concentrates given below are suggested for general use through "Measuremix" injector and "Syphonex" proportioner to maintain bright vigarous appearance af cantainer grawn plants during their stay in the retail yard.

During a heavy rain plant foods may be leached out of light soil mixes. If plants appear dull ar cease growing after rainy periods extra feeding may be necessary. i.e.: If feeding daily — double the concentration for one application — if feeding intermittantly schedule one additional application between regular feedings.

Growers of nursery or greenhouse plants should abtain specific feeding programs to meet individual needs of soil mix and cultural practices.
